Assure™

Systemic Fungicide

Systemic and protectant fungicide for disease control in turf

F U N G I C I D E

NET CONTENTS: 10 LITRES

TM Trademark of Tapuae Partnership NZ

ACTIVE INGREDIENT: Contains 125g/litre triadimenol and 250g/litre carbendazim in the form of a suspension concentrate.

APPROVED HANDLER: This product must be under the control of an approved handler during use.

RECORD KEEPING: Records of use must be kept under certain circumstances. See MSDS for details.

DANGER: May cause heritable genetic defects in human cells, reproductive or developmental damage or organ damage from repeated oral exposure at high doses.

FIRST AID: If swallowed DO NOT induce vomiting. For advice contact the National Poison Centre on 0800 POISON (0800 764 766) or a doctor immediately. If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. DO NOT scrub skin. If splashed in eyes, wash out immediately with water for at least 15 minutes. If inhaled, move victim to fresh air immediately. Begin artificial respiration if breathing has stopped.

PERSONAL PROTECTION: Avoid contact with skin or inhalation of spray mist. Gloves should be worn at all times. Wear eye protection when handling the concentrate. Ensure adequate ventilation when handling the concentrate. Remove protective clothing and wash hands and face thoroughly before meals and after work. Wash protective clothing daily after work. Do not eat, drink or smoke while using this product.

ECOTOXICITY: **Warning** - very toxic to aquatic organisms. Avoid contamination of any water supply with product or empty container. Harmful to the soil environment.

PLEASE READ ENTIRE LABEL BEFORE USE
NOT TO BE USED ON OR NEAR FOOD OR FODDER CROPS
DIRECTIONS FOR USE:

Diseases controlled: Dollar spot, melting out, fusarium patch, anthracnose, rhizoctonia brown patch.

SITUATION	RATE	DIRECTIONS
Preventative	50ml/100m ²	Apply before disease is expected. Repeat at monthly intervals as required.
Curative	100ml/100m ²	Apply under conditions of high disease pressure or when disease has already appeared

MODE OF ACTION: Has both contact and systemic action. Absorbed into the plant and translocates in the plant to provide some protection to new growth.

RESISTANCE MANAGEMENT: Resistance to carbendazim and related MBC fungicides has developed from repeated use in some situations. DO NOT apply more than two applications per season of any MBC based product including Assure. Assure also contains a DMI fungicide. Use a maximum of three DMI applications, including Assure, per season. Use strictly in accordance with label instructions.

COMPATIBILITY: May be tank mixed with most commonly used pesticides.

APPLICATION: Ensure food spray coverage, especially in dense or advanced crops.

MIXING: Pour the correct amount of Assure into the partly filled tank while agitating, add the remainder of the water.

STORAGE: Store in original container, tightly closed, away from foodstuffs. Keep out of reach of children.

SHELF LIFE: When stored appropriately, this product should show no significant degradation for 2 years from the date of manufacture. Contact your supplier for further information about the use of any product that is older than this.

DISPOSAL: For containers of 20 litres or less, rinse container until wash water is clear. Dispose of container at an approved landfill or AgRecovery Depot. Avoid contamination of any water supply or stream with chemical or empty container.

MATERIAL SAFETY DATA SHEET: Additional information is listed on the MSDS available from Zelam Ltd or www.zelam.com

ERMA NEW ZEALAND: Additional information is available from the ERMA NZ website, www.ermanz.govt.nz Approval Code HSR000456

NOTICE TO BUYER: The manufacturers and vendors of **Assure** warrant the formulation to contain the specified active ingredients within accepted tolerance but make no warranty of any kind on the uses of material and accept no responsibility, whether the material be used in accordance with the directions or not.
